Plant Happiness Card

Copic markers used: YR20/21, YR23/24/27, YG61/63/67, BG72, B91

1. Color the flower vases with the Copic markers listed or the coloring medium of your choice.
2. To make the z-fold in the card, fold the panel with the extra score line to make a mountain fold (look at picture). Attach the 3 color piece to the card as shown – the 2 smaller strips on the smaller folded sections on the larger inside panel.
3. Look at the blue strip with the 2 score lines. With the score lines on right side, fold the first score line in a valley fold, then the second on as a mountain fold. Looking at the picture, the longer end will be on left side of the card.
4. The easiest way to attach the piece is to fold the card closed, then fold the blue strip along the score lines. You will apply wet glue to the back of the far right section and the far left section – test the piece before applying the glue to ensure you have it right. Align it on the folded card and hold for a second to allow the glue to hold.
5. Attach the words piece to the small blue section on the inside, then attach the vase above it with foam squares. Attach the larger vase to the front along the fold with foam squares attached only on the left side of the vase piece.
