

Stamped Designs Woof or Treat Cards

Boo to You Card

1. Assemble the dog ghost as shown – using glue and foam squares. Layer the words to the shadow piece using wet glue.
2. Layer the candy print paper piece to the purple dot piece as shown. Layer to the black piece. Apply adhesive to the back of the piece and wrap the orange ribbon bow as shown, then attach to the base card.
3. Attach the dog piece and the words with foam squares as shown.

Eat, Drink and Be Scary Card

1. Assemble the 2 ghost dogs as shown – using glue and foam squares.
2. Layer the 3 black stripes to the striped background paper as shown, then layer to the black piece. Attach to the base card.
3. Attach the dogs and the words circle with foam squares, as shown.

Happy Halloween Cards

1. Assemble the ghost dog as shown using glue and foam squares.
2. To make the shaker piece, cut out the acetate piece in a circle a little smaller than the orange ring piece with wet glue – do not place glue too close to the inside edge to prevent it from leaking out onto the acetate. Stack 3 layers of foam tape together then wrap it around the back side of the circle piece just created. Put the shaker elements into the center of the circle well just created. Attach the solid circle with the spooky vibes words to the bottom with the words facing the shaker material.
3. Layer the striped piece to the base card, then attach the shaker piece as shown.
4. Attach the dog ghost piece and words piece as shown.
